

# NUTRIENT MANAGEMENT (CSP Enhancements)

November 2005

## Enhancement Activity Task Sheet

WV-CSPENM-TS

Client's Name:

### Worksheet 10 - Use Manure (Litter) to Improve Soil Quality

**Payment = \$1.00/Acre for use of manures or litter to supply some or all of the crop nutrient needs. Payment will be made for only those years manure/litter is applied and not exceed agronomic rates.**

The producer may use livestock manure or poultry litter.

Manure spreader will be calibrated. Manure will be applied between March 15 to end of the growing season.

Use this (or similar) table to document location and non-synthetic fertilizers used.

Tract & Field #s	Acres	Crop Grown	Lbs. N-P-K supplied by Manure	Date Manure Applied

## Use of Manure/Litter Certification

I certify that I have used non-synthetic fertilizers to meet some of the nutrient needs of the crops grown on the field(s) listed in the table above.
